Our Vision

Advancing Library Excellence

Our Mission

The citizens of Calvert, Charles, and St. Mary's counties will have equal access to information through the efficient, economic, and effective sharing of resources among public libraries and all types of information agencies.

About Us

The Southern Maryland Regional Library Association (SMRLA) is a state-funded regional resource center for the public libraries in Calvert, Charles and St. Mary's counties. We provide the services libraries use to keep communities connected, from the interlibrary loan system to a host of online resources for information, training and digital materials downloads.

We also provide library staff training so they can best meet the community's needs.

Our services are free to Southern Maryland's residents. SMRLA is part of a statewide information network that includes libraries and many

other information agencies such as schools and local and state governments.

In Fiscal Year 2022, we cataloged and processed 68,639 new items for the region's libraries, and added 51,154 digital records for library patrons. We handled 38,584 items that were borrowed and loaned, and our delivery service transported 345,000 items over more than 32,000 miles traveled. We also facilitated 566 hours of training completed by 3,029 library staff participants.

Our recent projects include:

- providing our community with free access to Consumer Reports and The Washington Post;
- completing implementation of radio frequency identification of library materials to speed up customer transactions, streamline materials handling and simplify inventory control;
- implementing Office 365 as a collaborative workspace for the region's public library staff, and;
- coordinating a statewide training project that provided 84 webinars addressing the learning needs of nearly 3,700 Maryland library staff.
